

Characteristics

- EC Motor of low consume and integrated electronics
- 0-100% regulable speed
- Balanced according DIN1940, class G2,5
- Ball bearings for temperatures till -30°C
- Sickle shaped aluminium sheet blades specially designed to obtain a very low noise level
- Inlet airflow way "V" or outlet "A", to choose
- Several constructive options: T1, T2, T3

Specifications

Model	(V (50 Hz))	(A)	(kW)	(rpm)	(m³/h)	(Pa)
AKFG 1000 K.6IF T1	90					
AKFG 630 K.6IF T1	375					
AKFG 710 K.6IF T1	255					
AKFG 800 K.6IF T1	205					
AKFG 900 G.6IF T1	210
