

Characteristics

- Apt for for non flammable either aggressive gas and air
- Many applications
- Options: ATEX version
- Some models require minimum quantity

Specifications

| Model  | Working Scale<br>(Pa) | Maximun Pressure<br>(mbar) | Breaking Current<br>(A) | Connections |
|--------|-----------------------|----------------------------|-------------------------|-------------|
| 930.80 | 20 - 200              | 100                        | 1,0(0,4) 250V           | PA 2xØ6mm   |
| 930.83 | 50 - 500              | 100                        | 1,0(0,4) 250V           | PA 2xØ6mm   |
| 930.84 | 30 - 400              | 100                        | 1,0(0,4) 250V           | PA 2xØ6mm   |
| 930.85 | 200 - 1000            | 100                        | 1,0(0,4) 250V           | PA 2xØ6mm   |
| 930.86 | 500 -2500             | 100                        | 1,0(0,4) 250V           | PA 2xØ6mm   |
| 930.87 | 1000 - 4000           | 100                        | 1,0(0,4) 250V           | PA 2xØ6mm   |
