

Characteristics

The Minibel air curtain is suitable for installations requiring a small door or window to be opened while maintaining air conditioning inside. It is therefore the ideal complement for maintaining the temperature in establishments such as kiosks, service windows such as toll booths, fast food restaurants, or gas stations. As an additional option, you can select the "E" model, which includes heating.

Integrated ventilation and heating control switches with a 1.5 m long connection cable.

All MINIBEL air curtains are supplied with wall brackets.

- Self-supporting casing construction made of galvanized steel plate, finished in structural epoxy-polyester painting white colour RAL9016 as standard. Other colours are available on request.
- Anodized aluminium outlet vanes, airfoil shaped.
- Compact axial fans, low noise level.
- "E" type with electrical shielded element. "A" type without heating, air only.
- Integrated switch for ventilation and heating control.
- Cable connection 1,5m length, integrated.
- Wall support included.

Specifications

50Hz

Unheated			
Model	Nominal Airflow (m³/h)	Recommended Installation Range (m)	
MIN 600 A	420	1,8	
MIN 900 A	630	1,8	

Electrical Heating			
Model	Nominal Airflow (m³/h)	Electrical Heating Capacity 230Vx1 (kW)	Recommended Installation Range (m)
MIN 600 E230	420	2,5	1,8
MIN 900 E230	630	3,2	1,8
